

Ixel

The goddess Ixel avenge his people. The sea is full of strange legends, mythical beasts, daring buccaneers and great adventures, but no story is as exciting and misery as they are about to read. What began as an expedition to unravel the mysterious disappearance of merchant ships in the Caribbean, became the last great glow of a remarkable civilization. They are the designs of the goddess Ixel who ordered his beloved people to the last great battle against the conquering army. Turning their guns on themselves, demonstrating the pride of the people of the Mayab, the strength of men in the corn and the value of the brothers of the jaguar. Returned to the forest, not as a defeated tribe, but to honor and gallardura characteristic of this great culture, waiting for the signal of their gods to be reborn.
