Light

Light definition, something that makes things visible or affords illumination: All colors depend on light. See more.

Light

Define light: something that makes vision possible; the sensation aroused by stimulation of the visual receptors — light in a sentence

How Light Works

Light is at once both obvious and mysterious. We are bathed in yellow warmth every day and stave off the darkness with incandescent and fluorescent bulbs.

light

Light: Light, electromagnetic radiation that can be detected by the human eye.
